

Elterdale® Slate

Wallace International

slate
uk

Elterdale® Grey Green slate is a natural sedimentary stone with excellent consistency which required the minimum of grading.

Elterdale® Grey Green offer the benefit of a high quality, very consistent, readily available sedimentary stone whilst being extremely good value for money.

The Brazilian slate industry has become one of the World's major suppliers of natural roofing slate, with Elterdale® Grey Green being produced by a family owned and run quarry for the last 20 years where quality and service counts.
