

Welsh Heather Blue Slate

Wallace International

slate
uk

Welsh heather blue is instantly recognisable for its purple tints, which make it unlike any other slate in the world. The slate is mainly coloured in a dark blue, with these beautiful purple hints running through it, and is available in various finishes depending on the look you require.

Welsh Slate is generally regarded as the finest slate in the World, it has been used for many centuries in a variety of places and designs. Recently used in projects such as, St Pancras Station, Kings Cross Station, Buckingham Palace, and Number 10 Downing Street.
