

VP300 LR Breathable Membrane

Product Description

Size

Roll width:	1.0 or 1.5m
Roll length:	50m
Roll total area:	50 or 75m ²
Roll weight:	6.55 or 9.83kg

Appearance

Embossed grey upper and white lower surface. Printed with product branding for ease of identification.

Compatibility

As with all vapour-permeable underlays, do not lay in direct contact with undried timber preservatives (whether water or solvent based). Protect OFV Eaves Skirt should be used at all

Protect VP300 is a medium weight vapour permeable roof underlay with a vapour resistance better than that required by BS 5250 and a strength greater than many other underlays in its class. It is suitable for all pitched roofs particularly fully supported applications. Protect VP300 is both CE marked and BM TRADA certified and provides an economic solution when the highest specification of roof underlay such as VP400 Plus LR is not required. Protect VP300 can provide a secondary line of defence against wind driven rain and snow, the reduction in wind uplift loads on the roof covering and is also able to be used as a temporary roof covering before the slates or tiles are applied.

VP300 LR Breathable Membrane

Performance	Machine Direction (Along roll)	Cross Direction (across roll)
Nail tear strength (N) to EN 12310-1 with mods	140	198
Unaged tensile strength (N/50mm) to EN 12311 with mods	225	160
Aged tensile strength (N/50mm) to EN 12311 with mods	190	130
Weight	125gsm	
Flexibility at low temperature	-40 degrees Celsius	
Water vapour resistance to EN ISO 12572	0.17MNs/g	
Watertightness	PASS (Class W1 > 2.0m hydrostatic head resistance)	

Benefits:

- Vapour permeable with a performance better than required in BS 5250.
- Completely watertight providing at least 2.0m in water resistance.
- Good all round performance for its weight and one of the best in its class.
- UV and heat resistant.
- Tough and durable.
- Can be used as a temporary roof covering.
- BMTRADA Independently certified.
- Helps to avoid condensation risk

Supply:

Extensive stocks are held at our distribution centres.

Nationwide and International delivery can be arranged for immediate despatch.
